

CONCLUSIONS AND NEXT STEPS

SESSION I

In this new challenging times, EUSAIR is a key platform to make a difference for the Enlargement

A process that is as demanding as urgent,

Soft policy approach with a strong message

We need to join forces, and a joint participatory effort to achieve it

SESSION II

Embedding as a crucial opportunity for the implementation of EUSAIR

Variety of efforts and initiatives to transfer the embedding from paper to reality

Responsibility of different actors and levels, and role of the coordination among them

Opportunities deriving from the revision of the Action Plan
